#### VAUD MULTILINGUE (2019-2020)

Webpage @ <http://www.vaudmultilingue.ch/>

#### MULTILINGUAL LAUSANNE (2018)

**Short description:** I designed and coordinated a linguistic landscaping (LL) project carried out by 2nd-year English linguistics students. The collective project documents and critically analyses the use of different linguistic resources in written signs in Lausanne. It aims to raise awareness about the role of multilingualism in on-going social transformations and different types of mobilities. In line with the paradigm of citizen sociolinguistics, the project blog and the collective Googlemap generate and share knowledge through 2.0 webs of participation.

Webpage @ <https://sepia2.unil.ch/wp/garrido/>

#### MOU-TE EN CATALÀ (2010-2011)

**Short description:** "Mou-te en català" aims to collaboratively design, create and implement suitable *acolliment lingüístic* (language reception) materials in Catalan with and for newly arrived adults in a migrant-support NGO on the outskirts of Barcelona (Catalonia, Spain). Our transformative goal is to include learners in the NGO's top-down decision-making processes so that their multilingual voices, settlement experiences and learning practices form part of the Catalan language class. – Coordination with Xavier Oliva, Universitat Internacional de Catalunya.

### CAMPUS ÍTACA (2011-2015\*)

Within this programme, we created and ran two-hour workshops in English, “Talking (about) languages”, to promote plurilingual uses and to help our adolescent participants reflect on their language biographies and social realities within a context of linguistic diversity. – Co-ordination with Emilee Moore, Universitat Autònoma de Barcelona & Xavier Oliva, Universitat Internacional de Catalunya.
